“To my little brother Maynard, (younger brother) you actually were a few inches taller than me, so really you were my big brother. I am so proud of you Maynard for serving your country in the U.S.Navy. While others were dodging the draft you were willing to do your honorable duty and enlisted. You risked your life in battle but lost it ironically from a war related illness. You are a real American HERO. You fought a courageous battle with your health and that battle is now over. You are the victor, for you now have your ultimate healing. It's hard to say good-bye, so I'll just say good nite, because I'm planning on meeting you again in the morning over there. I'll be looking for you just inside the Eastern Gate. Love, Your little brother and sister-in-law Williw & Bunny Furge
