“ *My Aunt Merri, always enjoyed nature and wanted to make every minute of life count. Merri and Jerry, her brother...my father, had a special bond that was so special, she passed on Oct 15th, his birthday. Living a life out of the box and walking down her own road was just how she lived her life. She had the ability to inspire people around her, especially artistically. It was like her superpower..*

I'm sure she is walking the beaches right now..
