“ I am so sorry for the passing of Mia, my deepest condolences to the Ratliff's and Family. I too know well the pain of losing a loved one and what helped me is Gods promise at Revelation 21:4-"And he will wipe out every tear from their eyes, and death will be no more, neither will mourning nor outcry nor pain be anymore. The former things have passed away." Very soon death will be no more and we will see our loved ones again. I hope this gives you as much comfort and hope as it does me.

“ Hi Mia,

This week has been surreal because I keep expecting you at your desk or where you sit in the conference room and I will always see you in those places. I had been thinking of you frequently wondering how you were doing. Then I learned the news.

You have been not only a valued colleague but more importantly a trusted and cherished friend. You always were a bright spot in what at times could be a frustrating and discouraging day. You helped me deal with something for which there was no solution but thanks for just listening and allowing me to vent. Recently you showed concern about how Georgia was doing with her health issues even while dealing with your own challenges. We really appreciated this and it will never be forgotten.

I am not OK that you left us way too early but am OK that you are peace after a brave struggle and that we will see each other again.

Micheal and family, please know that she will be deeply missed by me and many people. She was so proud of you and her children and grandchildren. Her legacy will live on in you.

*Your Friend,
Phil C.*
