“ Since I first met Michael when we were starting grammar school we have had a close friendship. A few months ago I ran into him downtown and we rode over to Daytona for the afternoon and since then we have kept in touch. We had lunch last Wed. but he was still feeling weak so he went home to take a nap and hopefully feel better. I've never had a closer friend than Mike and I will miss him the rest of my life. He sure did a fine job raising his sons and he's told me how proud of them that he was as well as how much he loved his siblings and their families. Rest in peace Michael.

“ my family met Mike 25 yrs ago when we moved here from Illinois in this neighborhood.as we all have passed by each other millions of times & when i would see Mike out in his yard I would always give him a shout & as always he would smile & wave or yell something back. In the past several months we became pretty close & he would come by my son's nursery a couple times a week- he was just by on sunday after being released from the hospital- he was laughing & joking & just always being Mike. i just can't believe that just 4 days later he is no longer with us. Mike we luv ya ol buddy- see u on the other side. RIP-hugz
