“ To Mike's Family, I am so sorry to hear of your loss. Although I haven't seen Mike or talked to him since college days (he was a college buddy of my brother Jim) I have great memories of his sense of humor in action. Although he will be missed - his laugh will linger for ever... Sincerely Charlie Lawrence Lake Katrine NY

“ We've lost another Great man, but the world and a whole bunch of people are better for having enjoyed his presence. Kippy and I send our condolences to Eileen and the children but we know that you know where Mike is right now. Having been Mike's partner briefly and close associate for what seems like forever, I'm not embarrassed to say - I LOVE YOU MAN - and, indeed, It Is What It Is...Dan

“ Mike is one of those few people who you meet in a lifetime who can never be forgotten. This is because of the big footprint he made in his professional life and in his personal life. We should all be as fortunate as Mike. In the seventeen years that I worked with him, I never saw him have an unhappy day. He always had the joke, the story, the answer and the solution to everything. Mike was able to call it a day without extended pain and suffering for himself or his family and only a very few receive that blessing. The only problem that I ever had with Mike, being a fellow New Yorker is that he used butter on a bolony sandwich and ketchup on a hot dog and the guy preferred soft Kaiser rolls as opposed to crispy. Well I guess even a guy like Mike had his faults. Mike, we love ya! Save those stories until we meet again.

“ My heartfelt condolences and prayers go out to Mike's wife and family. He certainly will be missed. I remember Mike loving Doo Wop music and enjoying the musical sounds of LEGACY, of which Tommy Moran is a lead singer. His smile and general demeanor was worth a million. This crazy world needs more people like Mike. God bless and keep on Doo Wopping!!

“ To Mike and his family, I'm not sure how many years Mike and I knew each other, but it was a bunch. It began in the Miami Office of the FBI and continued when he left to found IMPACT. His accomplishments during both careers make him a standout in the law enforcement community and he has left an indelible mark on those agencies and the communities they serve. But I think what made his life such a fulfilling one is the fact that along with his sense of humor came an ability to never become jaded or cynical about his fellow man, irrespective of the challenges that he faced. He was taken far too soon. My sincere condolences to all his family and close friends. I hope there is solace in the knowledge that while he was here he got busy living! He packed a lot in to his 69 years. President Ronald Reagan is quoted as having said to a young marine "Some people live an entire life time and wonder if they have ever made a difference in the world, but Marines don't have that problem". I would submit to you neither Did Mike Wald, R.I.P.

“ Mike was a big influence on my career as a money laundering analyst. We spent many times in Johnstown, PA teaching BMPE to everyone from law enforcement to bankers. He loved coming to PA to teach and we would hang out at the "City View" on the incline in the evenings. I travelled to Miami several times to work with the guys at Impact and was always greeted with Mike's outward personality. I'll never forget the many drinks of Crown at City View and the story of the "turd in the punchbowl" that always came up no matter what the audience!!! R.I.P. Mike and know that you are missed. My thoughts and prayers go out to his family and especially his grandbaby which he could never talk about enough!

“ I am fortunate to have known Mike Wald and to have worked with his eldest daughter, Ginger. Mike and his family are as fine a family as you could know. Mike always had a big smile (as does Ginger) and a story for everyone. He is sorely missed, not only by his family, but by everyone who knew him. It is not often that a "Mike Wald" comes along. R.I.P. Mike. You will never be forgotten.

“ I grew up with Mike in Mount Vernon, NY. We lived a block away from each other and went to the same middle and high schools. I had not seen Mike for many years but Mike always remembered to either call or email me during that time. We met again at our 50th year high school reunion. Mike was a class guy who put family and friends above all. I will miss him and I extend my condolences to Eileen, his daughters and his sister Karen.
