“ My sincere condolences to the family. I know Myrt (shorty) will be missed dearly. Everytime I had the pleasure to talk with her she would just crack me up! She seemed soft spoken yet got her point across! I loved the dolls she collected and all the quilting supplies she had! She was a good soul. You will be missed...God Bless In Christ with love Shonna Shelley

“ *Myrt was one of the most faithful and loyal members of Central Baptist Church. She loved the church and invested her time, talents, and treasure into making it the best it could be. She will be sorely missed, but Heaven is now a much richer place! We love you, Myrt, and look forward to seeing you again one day, as we celebrate the One Who loved us and saved us from our sins.*

“ *Myrt will surely be missed. She was not just a co-worker, but a friend and confidante. I can still picture her saying, "Don't give me that look, Michelle." She helped me tremendously when my parents passed away and that is something I will never forget about her. That, and our trip to Vegas. What happens in Vegas, stays in Vegas. Myrt is now one of those shiny stars in the sky at night. I am sure she will be one of the brightest stars in the sky, as she was here on Earth. Love ya Myrt!*

“ *My Dear Sweet Friend, You were one of the first employees that I met at t/Detention Center almost 12yrs.ago. You were always cheerful and always gave me a smile, when it seemed I needed it t/most. I so enjoyed listening to your hymns that you played every morning which started my day w/a possitive attitude. I w/miss you walking by our door expressing this little ditty, "Good Morning Children"! I w/never forget that my day was now ready to begin once I heard those words and looked upon your smiling face! You were loved by many employees including me and you w/live on in my heart forever! It is my greatest joy knowing that one fine day I w/look upon your smiling face and know that t/Sisterly love we had for each other was inspired by our Lord and Saviour, Jesus Christ! Love, your friend Marie*
