“ *Nancy You were one of the most caring, generous, fun loving woman I knew. I have wonderful memories of poker parties,boat parties, going to plays and just spending time with you. I will always cherish your friendship. You will be missed by many people but someday we will all be together in poker heaven.*

“ *Dear Dorthy and Walter - I lived next door to Nancy since December on 1989 - Walter was getting older and moving on to college. Jeannie Carlson bought Marilyn Gibbs house in 2000 and was a neighbor across the street, Wanted to say we are both sorry for your loss. Nancy was a great neighbor and we always think about her finally selling that house and being able to move to the country with Dorothy and live on the farm. Nice neighbors aren't always in great supply, but two of us wanted to let you know we were thinking of you and we will always think of Nancy as safe, happy and just "moved away"*

“ Dear Nancy, It was a privilege to be your family member, as many have said your kindness, graciousness, your generosity, and the love we shared, I am so very grateful. I have wonderful memories of our times together, as you knew Florida has won my heart as I was always excited to come knowing I would be visiting with you and you always had great ideas planned. I can't thank you enough for the love you had for our boys, they loved you very much and were very proud that you were happy to be a GrandMother to them, they will miss you very much. We thank Dorothy for being such a special part of our life and the love she had for you, she will always be family and we will help one another through this difficult time. I do know the day I walk the stairs of Heaven you will be there for me, so until we meet again, I will keep you in spirit and hold you close to my heart. We love you. Susan Braeckeveldt and Family.
