“ *Dear Grandma, Thank you for being everything i hoped for and so much more. You mean everything to me and even though you are no longer physically here with me, i know that you're with me wherever I go, anytime. You were the best grandma ever. You were an amazing person. Even though you were stubborn, you fought for everything and that made you a stronger person. So i'm going to be just like you and fight for everything i do. You're watching over me now and looking out for me. Now you're reunited with popop and in a better place. This isn't goodbye forever, it's more like..see you soon :) R.I.P Grandma forever in my heart <3*

“ I am so sorry for your family's loss. The Mellish/Kendall connection was a strong one for many years. While our families have become distant the memories are still strong and retold to new generations. I wish you peace at this time.

“ Liz, Paul, And Charla Your mom was an amazing person. She was a true fighter in every way. A generous person always there to provide love and support for anyone who needed it (I often did). She was much like a second mother to me for most of my childhood. I will always have happy memories of her . I know she is now at rest finally with her one true love, who she has no doubt been missing terribly for so long. My family and I send our deepest condolences to you all. She was a wonderful woman and will be thought of often and missed always. With Much Love, Debbie,Hooch,Ashley,Kaylee & Kassie Deloian
