Tribute Wall

“ *For over 42 years you have been like a mother to me. We have laugh and cried throughout the years. But one thing I come away with the most, is how much family meant to you. No matter what, you were there for your family. My heart is heavy that I cannot be with the family right now, but I know you most of all would understand. I love you Mom and will miss you more than I could ever say. My love to all the family.*
