“ My prayers and thoughts go to the family. I didn't know her well, but in the short time that did know her, she was a wonderful person with a great friendly personality always with that big smile on her face.

“ Momma Nan, you will be forever missed and always remembered. You have an amazing group of young adults that cherish you so. You have made such an impression on each of them. You have certainly deserved your wings and there is a very special place for you. Go rest high on that mountain, and continue to guide and encourage all your kids as we all know you will. As we say good bye with such heavy hearts, we know you are among the angels and will continue to look up at you for guidance as we continue our journeys down here on Earth. We will not say "good bye", instead we will simply say " see ya later"...
