“ Our deepest condolences for your family. So many memories of traveling together, from the minute by minute planned itinerary to the deep and loud LAUGHTER as the adults sat around the campfire. My most memorable trip was the VIP tour of King Hut exhibit and the fun we all had between the exhibits and gift shop. What a wonderful example our parents showed us about being best friends, planning family vacations and that parents can giggle too. I wish you all comfort during this time and can still hear his voice in my head, his smile and sweet disposition he had, along with a great love for his family and how he adored "Aunt" Jackie. The adventures the Four all had traveling together are definitely highlights in my parents lives. Much love to YOU all. HEAVEN is enjoying another Angel in their mist. Love, Kathy Petersen Wolski and family

“ Hey Linda, thinking about you. The obituary is lovely and the picture of him is just right. Wish I could be there Tuesday. Give your mom a hug for me.
