“ Sorry to hear of Brad's passing. I knew Brad from when he worked at Lovell Bros. H.A. Busbee's and later on working with "Just Plain Bill". He always had knack for fixing things, thinking "out of the box". He had a great sense of humor and will be sorely missed. A true gentleman, even when no one was looking.

“ I met Brad back in about 1992 in Fort Lauderdale, Fl. and he helped me set up a new shop in Melbourne, Fl. for the company that I worked for in 1994. He had so much patience with me. After 1 year the company closed the shop and I lost touch with Brad till 2007 when I called Gates to set up a new account for my own business and they set up a meeting for me and a salesman. When I arrived it was Brad - I couldn't believe it. We talked for hours before we even talked about the account. It was so good to be there with him after all of those years. He set up my account and said that he take care of me like old times and he did. If it was not for Brad, my wife and I would not have been doing as well as we did. He believed in me even when it meant he had to stick his neck out for me with the higher ups at Royal Brass. We are now doing business for the loving memory Brad Funk. I'll miss him more than he would ever know.

“ Brad helped me feel comfortable and gave me encouragement when I first started 2 1/2 years ago. I always looked forward to talking on the phone with him. He made it feel like I was talking to a friend...and not just a co-worker. I will truly miss him and his vivacious personality. My thoughts and prayers go out to his family during this difficult time.

I feel very fortunate to have been a friend and business associate of Brad's over the years. His recent iPhone lessons were invaluable. “ I love you so much, Uncle Brad! You always made me laugh, and I loved it when you'd tease me even though I would whine. And how you called me Nicademus. I'll always miss you, but I know I will see you again in Heaven, I just wish I could have hugged you one last time!

“ He was my dear brother and was always there for me any time I needed him. He never complained, never said no when it came to helping someone. I admired the man he was and always tried to be like him. He will never be replaced and I will always feel the loss of not having him around to make me laugh, give me advice or explain something to me. He always made me smile and laugh even when I didn't want to that's just the kind of special man he was. I have never known anyone like him in my entire life, and I never will. He was special and unique. God Bless you Brad I love you man! I am thankful that I had the privilege and honor to know you and be a part of your life.
