“ *Joy was a student in one of my English classes many years ago. She was lively, intelligent, talented, and creative. She was a joy to be around, well liked and respected. She made a lovely lady, and she will be missed by all who knew her. Praying for God to send comfort and strength to all the family.*

“ *I worked for a while with Joy at the Sumter County office. When I met her I knew we had a good connection. Other than the both of us sharing our middle names and that being the name we used . She was such a lovely person and I am so sorry for your loss and what pain and suffering she has gone through these last few months. We all don't understand why someone so youthful and good has to go through so much and to leave us so young. She will be surely missed by all. My heart goes out to all of you and we have to rely on our faith and know she is lucky to be in a better place now with her lord.*
