“ Mom (MeMe) wish you were still here with us. I was by Nisha's side when your 1st grand daughter was a few minutes old. Tobias is talking now, he talked to Dad today and said "hi PePe". Toby is almost potty trained he is getting so big. I found the pictures of you with him, brought a tear to my eye. I wish you could see him now. You would be so proud. I miss talking to you so much. Drew gave me your bracelet that he bought off you b4 you moved. Now its close to me forever. I regret not sending your kindle i got you for your birthday, so Mommy i will be giving it to dad when he comes up next month. Mom I hope you are happy and not hurting anymore. I am in process of looking for a locket so I can have some of your ashes put into it. Then mommy I will have you close to my heart forever. I still read our last convo on face book, I love you baby was the last thing you said to me i responded I love you mom. Then you were gone 5 days later. I love you and one day will see u again, can't wait to hug you. But all I have now is memories pictures and calling your cell phone o hear your voice. Rest peacefully mom.
