“ *To our dear friend, we will truly miss you.
We reside in St. Petersburg Florida and have a second home in
Lake Pan which is were we meet Mr. Paul. He saw us as two
dandles in distress and to the rescue there he was. We became pen
pals and when we visited we always took the time to go by and
spend time with him and share stories. Our biggest connection was
our love for our dogs and as you know the rest is history.*

May his loved ones and friend have peace.
