“ Uncle Pete was a very special person and will be remembered with love by our family. His gentle nature was a very stabilizing influence on all those whose lives he touched. He was very generous with his time and efforts. I loved just being with him. He took me flying and he taught my children to fish. We will miss him dearly, but will remember all of the good times he provided to us. On behalf of my husband and sons, I would like to say our good-byes, but you will never be forgotten.
