“ To the family of Pearl, I enjoyed getting to know Pearl at Meadows of Brier Creek and she got me involved with the SeaGals as I was also a Wave. She brightened my days here and we were sorry to hear of her passing.

“ What a joy to have known Pearl. Our trips together to WAVES meetings and veterans activities were a blessing. Pearl shared such wonderful stories of Navy life, and of her family. She took such delight in her children and was so proud of the accomplishments of her grandchildren. [There was also that photo she carried and shared with every veteran who would listen--the one of the Navy Ace--the love of her life. She enjoyed sharing the story of how they met.] Pearl, the car will seem so empty without you.
