“ Son, just wanted to let you know this isn't the final chapter! I know you were there to see the number of people here on earth, who paid their respect to you and your family. You will always be with us in Spirit and in our hearts because we loved you so much. No Father could ask for a better Son! You know I will always be there for Melissa, Cody, Clay, Caleb and our Brianne. You would have been proud of Mike and Eddie's presentation about your life, love and the impact you made on this community. I told Clay, look back at the line of cars following us to Center Hill, were your earthly body now lay, at the line of cars with folks showing their last respect to a man who has made a great impact on this community. Sports was an important part of "our" lives but there is no metaphor to describe the accomplishments you made in the time you were with us. As Casey said, "we can't have you back but we can go to you" and your Daddy will see you soon, but as you know, the greatest chapters of your life are yet to be written through the legacy in your kids. See you soon, love you!

All those years ago, you and Brian were such a source of encouragement to me in helping start the AWANA program at First Baptist of Linden. Your genuine love for young people is evident in the way Brian and you have always actively involved yourselves in their lives. The investment Brian made in the lives of his own family, and in the community will not be forgotten. His exemplary life is a legacy of faith and family that will pass on for generations. My sincere prayer for you and your family is that God will lovingly hold and comfort you in your grief. Much Love and Prayers, Sherrie Westberry Anderson*

“ Brian and I shared the love of competitive sports growing up at South Sumter. I met Melissa when Brian and myself were enrolled in a sign language class at CFCC in Ocala. Cody I believe that was when your mom was carrying you. Your dad was so proud and could not wait for you to be born. I remember him always being very attentive to your mom when you would move and kick her during class. We would laugh and remark that he was going to be a ball player like his daddy. When my dad passed away Brian was there to help me with some business affairs in the property appraiser office. He was a very thoughtful and caring person and I will never forget how he took the time to help our family in our time of need. To Melissa and his children please keep Brian's legacy alive, focus on the wonderful memories and continue to make him proud. He would want all of you to be happy and pursue your dreams. He will always be looking down on all of you and want the best for each of you. We will all miss him.

“ My thoughts and prayers go out to Coach Simmons family. I had the pleasure to work with Brian for 17 years, he was a class act as well as a great role model for the athletes he coached. Like myself Brian was drawn to the sport of weightlifting and became my most dedicated training partner during my time in Sumter County. We made several long trips across America to attend competitions and became close friends during the time we spent together. As impressive as he was as an athlete he was most impressive as a person. He was a man of great faith, he loved Sumter County, the RAIDERS and the success of Bama's football team. However in all the trips we took as well as the thousands of hours we spent in the SSHS weight room his favorite topic of discussion was his wife and their children. Like them I know we are all in shock and we will miss him.

“ *My deepest sympathies go out to your family. I, too, lost my father suddenly at the age of 20. There are not enough words to console, but please know that you are surrounded by a limitless amount of love and support. Your dad and husband will be greatly missed by the entire community. We all grieve with you and hope that the loss you feel now will be filled in time with the wonderful memories of Brian, a very special person.*

“ *From the first day we moved here the first friendly County face we were greeted with was Brian's. For some reason he happen to be at our property looking at the newly built house and trying to figure out whether or not our property was still to be considered agricultural. Having a title company at the time Brian became a great acquaintance to have not just an asset but a friend. Brian and his dad, Guy helped me tremendously when I moved here from South Florida (Broward County). Brian said "DON'T WORRY YOU WILL HAVE THE COUNTRY RUNNING THROUGH YOUR VEINS IN NO TIME". He went out of his way to help and make me feel like I belonged here. His kids went to school with my nieces and nephews and his wife (what a wonderful woman). Sorry for this book but memories are comforting. I felt the need to share how wonderful this man was and still is up above. I send all of my families prayers to Guy and Brian's family.*

“ *He was a wonderful man and a great coach. I grew up playing baseball with his boys and he was always encouraging each team to do their best but to always have fun. So sad to see him go. My heart goes to his family.*

“ Brian was an awesome man. Not only being friends in school I had the privilege of working with Brian on Bushnell Dixie Youth League Board for many years. He coached my sons and they thought the world of him. We will definitely miss him.
