“ Chip, I was so sorry to find this information today! I've been trying to reach Phyllis for months! I'm so sorry for your loss! Your mom was such a special lady and a huge blessing to my grandmother! My dad and I enjoyed many visits with her over these past few years, but with his health failing, it had been awhile since we'd seen her. I knew her health was declining, but did not expect this. I wish I'd had your contact info - I would have liked to talk to her and hug her one last time 💔 She was a dear friend ❤️ Praying for you and your family, Ginger 🙏 I'm including my contact info, if you feel like talking or sharing; I miss her...
