Pravinkumar Girdhardas Patel, 67, passed away on February 5th, 2022 (Vasant Panchami) at the UF Hospital due to a heart attack in Leesburg, Florida.

Pravinkumar was born on June 1st, 1957, in Gujarat, India. Pravinkumar was a hardworking man. He is the reason that our family has come this far. He always had a passionate fire that thrived and drove him to accomplish many things and he did just that. He was the eldest child in the family of Girdhardas and Sitaben Patel. He was the best role model and oldest brother to his younger brother and three younger sisters. He loved his family dearly and always thought the best for them. He was a man full of love and support. He was strong and always fought against the toughest times in his life. He first came to America in 1986 with little money and little knowledge of the English language. Despite this, he worked hard to create a life for himself and his own family here in America. He was a very generous person and a great devotee. A kind person who constantly served his community. He enjoyed traveling across India. He helped many needy people and blessed their life. With all their blessings he is now enjoying eternal life with Shreeji Maharaj. He will be missed very much among those loved and cared for him.

Those we have loved shall never truly fade. Your life was our blessing and you should never be forgotten. Here's to a life spent bringing joy and laughter to
