“ My deepest condolences to the Whitehead family. My heart aches with you as I feel I've lost a brother. Through the years, we worked together, played in the band together, watched each others' children grow and went through great times and tough times together. For those that knew Sonny, you knew he would do anything for you. He was open and receiving to anyone he came across, quick with compliments and well-wishes. He never talked down to anyone or made himself seem better than others. His tough life experiences helped him to relate to those in need and he acted to help them as much as he could. If we want to respect his memory, we should learn from these great qualities. I know I will strive to be more like him, as I saw a lot of Christ in him and how he dealt with people, with compassion, with caring and with love and kindness. Sonny was a true believer in Christ and wrote a number of songs testifying to this fact, so I know where he is right now, with family members that have gone before him, with him, and I will see my brother again.

“ " Sonny" was a man of character and lived a life for others , even though I have only known him for 4 years, he was consistent in all his ways. Helping fellow workers with their job, guiding his kids and family. Supporting them in any way they needed him, and besides that He was just fun to be around and made everyone else at home with themselves... He is and will be missed. Our love and support to you all as you walk through this valley together... Psalms 23 to lift you hearts.
