“ I have great memories of spending time with Richard, Kathi, and Debbie in Pennsylvania. Richard and I were close to the same age and went exploring the farm together. We didn't get together very often, but I really enjoyed the visits. Since childhood, we saw each other even less frequently, but it was just the same warm relationship when we did meet. My visits to Florida more recently were even more special -- getting to play golf with Richard and Uncle Bill was a special time. I will miss the opportunity for more of these gatherings.
