“ February 2, 2014 I was so saddened to see my friend of over thirty years had passed. Dr. Lane was a giving and kind doctor and man who treated his patients as his friends. He was always happy to be around people, and he had more friends than most people I know. I consider him one of my dearest friends, even though we haven't seen each other in years. He was my friend and my doctor. He gave his patients such good care and respect. I am so sorry for his loss. My prayers are with his wife and family. I only wish I could have seen him again and talked about all the old times with him and some of our mutual friends, He was such a family man, too, and he loved his wife and children and grandchildren so much! The world will miss him. I will miss him. All of his friends will miss him! Love and condolences, Dana Samuelson

“ *What a very loving, sensitive, intelligent and kind man Dr. Lane was. I am so glad to have known him and his wife, Sharon. You couldn't help but be uplifted by him. In spite of his own health issues, he never drew attention to them. He only wanted to know how you were doing. I got to know Dick and Sharon better through the Duval Social Club when Sharon and Dick served as president. They did an excellent job. When he and Sharon left The Villages for a while, I played Words With Friends online with him. He always beat me with his fantastic vocabulary. What a word meister! My life was definitely enriched by knowing Dr. Lane. I wish the very best to Sharon and his family.*
