“ When my brother and I were children, my Mom used to play hide and seek and she was like one of us children, because she loved to play. She used to wear a chenille bathrobe that I loved. To this day ,I still have memories of that bathrobe and when I have owned chenille blankets throughout the years, I have related those moments of playfulness and laughter with Mom. She probably had no idea that I thought of her in this way. When we were a group of children, at about the age of 3, 4 , she used to make the whole neighborhood popcorn, and she made us hats out of newspaper that looked like ship's admiral hats. She was very creative had had endless artistic talents that she loved to share with everyone she knew.

“ *On behalf of my family, We would like to thank Beyers Funeral Home for the care and thought put into my grandmother Rita's memorial. She was a sincere, kind, and loving mother, grandmother, aunt, wife, sister, and friend. We all miss her so much. She loved her family and friends, and was always uplifting encouraging. I am thankful for the time I was able to share with my memere, and I know she is in heaven in no more pain or suffering. It's sad that our lives are so short on this earth, and we need to remember to be kind to one another while we are here. I miss you mem, and can't wait to hug you again. We all love and miss you.*

“ *Rita's family: I'm so sorry for your loss. I went through a similar situation and I was very helped by the hope that I found in the Bible in John 5:28, which says, "Do not amazed at this, for the hour is coming in which all those in the memorial tombs will hear his voice and come out". I am sending you a link with more information on this hope.*
