ME

“ *Bob was the best brother. He was smart and funny and compassionate. He was my friend as well as my brother. We talked every day. I loved discussing things with him, he always had a unique perspective. He was so brave through his illness. It really humbled me. He never complained about anything. He never thought he was of much importance in this world, but he was very important to me and the rest of his family. We all miss him very much.*
