“ *Mr. Liakos was my math teacher during my high school years at St. Johns Lutheran in Ocala, FL. He was an incredible teacher, but more importantly, he was a friend. We spoke on many things beyond math and he was able to teach me more about life which prepared me for what lied ahead after high school. Many people point to teachers that influenced their lives and Mr. Liakos was one of them for me. I was thankful to have learned under him.*

“ *To All The Liakos Family, the picture of Bob in his teen years reminded me that when I went to High School, he was one of the basketball stars. I have known so many of you through All Saints over the years and want to send my sympathy and prayers. Bob was such a fine person and I know he was loved and will be missed. Love to all, Holly*
