“ Francis, Lee & Family, We are so saddened to hear about Chic. His pain and suffering is now over and he is in a better place. We know Francis has lost the love of her life and Lee has lost his favorite golf partner . I had never had the chance to meet Chic, but we had talked on the phone and emailed back and forth. Chic enjoyed getting the progression photos of Lee's store as improvements were being made. I have donated blood platelets 10 times this year to help people like Chic. The rest of my platelet donations this year will be in his honor! You may want to do the same! It is easy and almost painless and can help to save or extend a life. All areas of our great country are in need of blood platelet donations to help patients like Chic. May god help to ease your family's suffering. Remember the pain comes from the love in your heart for Chic. Ken & Deise Latham
