“ Sometimes a thread runs through our lives that go beyond coincidence. As a youngster, growing up in Cleveland's westside, I was not very Interested in school or school work. My first encounter with Mr. Zwolelik was as a teacher. I enjoyed his class and actually took an interest in what he taught and it helped change my attitude on education. Years later I joined the Strongsville Police Department. We reached out to business owners to help fund special programs for children and seniors. Imagine my surprise as I approached the owner of the local Dairy Queen. Bob was very receptive and generous in his support. After retirement I meet Bob again in the Villages. And we chatted about life in retirement. He always wanted to be busy and productive. People of all ages were touched by his actions and knew his heart was always in the right place. So today, as I read the paper and recognized Bob' photo, I was saddened by the news. I was however warmed by the memories of his incidental presence in my life. I noticed that even in death, he was still contributing to worthwhile programs like the special olympics. My wife and I will not be able to attend on the 16 but Bob will be in my memory.
