“ *My thoughts and prayers are with you and your family, Gene, knowing how difficult it is to lose your precious Roberta. She always brightened the room with her sweet, gentle smile when she appeared at the Coral Gables lunch bunch gatherings. I'm sure my cousin, Patricia Caldwell Harrison, knows but just in case I will call her tomorrow.*

“ Bert brought so much to our family for so long, she will truly be missed. I have faith knowing although she had to leave our lives, she had quite a reception waiting who has missed her too. Our love to all the family and our prayers continue, to help you make it through this time. I can't say it gets easier, but I can say when you need her she will find a way to let you know she is with you. Love to all~

“ Such a remarkable woman, we will miss her. So many good memories, starting 13 years ago when Gene helped us move into our home. Bert took such good care of our beloved cat when we were out of town. She was an inspiration as a neighbor and a friend. May Gene and the family find peace and comfort.

“ Bert, In signing this, your final "guestbook" I will always be glad I was able to visit you and Gene and sign your guestbook as you made me do whenever I walked through the front door. I remember when you made my friends from Denmark feel at home by inviting them to stay the night on their way to visit Orlando.(They came back to visit you and Gene every time they came after that!). You were so gracious to everyone.

“ We are shocked and saddened to hear of Bert's passing. Although we haven't been neighbors for very long, it has been a real pleasure to have met her. The neighborhood will not be the same without her, she was a kind and lovely woman.
