“*Rosie, I can't tell you how sorry we are to hear of Roger's passing. Roger walking your dog (a Great Pyrenees, I believe?) down the street is one of the first memories we have of when we moved into the neighborhood. Our thoughts and prayers are with you and your family. May you find peace and comfort in your shared memories and in knowing how much the people around you care.*

“*I worked with Roger at Best Buy in Lady Lake for a few years. He learned about my love of the weather (particularly hurricane season) and took me under his wing of “weather knowledge”. I learned a lot from him. We began to make bets on upcoming hurricane seasons, how many hurricanes would make landfall, how many named storms there would be, it didn't matter. We would pick something weather related to bet on and would wager one whole dollar on it.*

*A few years ago, when I was working in real estate in Ocala, he stopped into my office out of the blue and surprised me with a shiny gold dollar coin that he owed me from the previous year's bet. I held onto it so I could give it back to him the next time he won. I'll hold onto it for a while longer and remember him fondly for it. He was an amazing person.*
