“ *You were the best teacher I have had the honor of being taught by. You encouraged even the most shy student to break out of their box and feel welcome. The embrace you had for all that was creative has stuck with me even to this day. There are so many lives you have touched and changed. Thank you so very much.*

“ Sharleen it is a hard thing to accept the loss of a loved one. At first you are comforted that their trials and pain our ended, but that still doesn't completely cover the loss in your heart. Not mine anyway. I will have you in my thots nod prayers for the months ahead. And I am sending a big email like hug. I can see Jack going to greet Roger with big smiles on their faces and catching up on old memories. You will miss him more than any, but you are not alone. Friends and even acquaintances and students will miss him also and be at al loss because of Rogers absence. Love and prayers for your lonely days ahead.

“ I'm so sorry for your loss. He was my 8th grade science teacher. I'll never forget one time in class, we had this discussion about Goofy, the Disney character, and I asked him what is Goofy? He's not a dog....Roger said to me do you want to know what Goofy is so I said yes, he walked to the back and came back out up to my desk and put a mirror in front of me and said that's Goofy....he was a great teacher with a sense of humor, he will be greatly missed. God bless you!

Thank you for serving our country and enduring the painful shrapnel in your legs and ankles for many years. Rest in peace, Roger. Peace be with you....
