

Roger William Sherman

September 7, 1938 - January 14, 2015

Obituary of Roger Sherman, M.D.

Roger William Sherman, M.D., 76, passed away peacefully on January 14, 2015 at home, surrounded by his family. Roger was born in Grosse Pointe, MI, to Alvin and Albertine Sherman on September 7, 1938, as the youngest of seven children. He is survived by his beloved wife, Joanne (Baker) Sherman of 27 years; his five children, Stephanie Sherman, Roger Sherman Jr. (Patti), Dianne Venetta (Jon), Banning Sherman (Merceditas) and Skye Nosbisch (Aaron); his six grandchildren, Banning Jr., Ryan, Collier, Nicholas, Roger Jr., and Christian; and a large extended family.

Born a "blue baby" (tetralogy of fallot), Roger was not expected to live past the age of 10, making each and every day of his life a miracle. He never took this for granted; anyone who knows him could tell you that he was the embodiment of living life to the fullest. His childhood illness was the inspiration for his lifelong career. He graduated from the University of Miami School of Medicine and became a prominent Cardiovascular and Thoracic Surgeon in Miami, Leesburg, and The Villages. He attended Miami Edison High School and The Citadel, and later joined the Air Force.

Roger proudly served on the CFHA Board of Directors and was instrumental in establishing open-heart surgery programs in both Miami and Leesburg. He enjoyed a flourishing surgical practice in The Villages along with a successful aviation medicine practice. Second to his love of medicine was his passion for flying; Roger was well known for his multiple aviation ratings, including ATP, multi-engine CFII, seaplanes, helicopters, and jets. In 1991, he relocated to Leesburg, where he built his dream home with a private airstrip and spent many hours flying.

A service of remembrance will be held at Paquette's ShowBarn in Leesburg on January 24, 2015, at 2:00pm, 615 S. Whitney Rd.

Memorial contributions may be made to childrensheartfoundation.org

“ I was doing some searching for old friends that grew up in Forest Park in Kokomo, Indiana, when I came across the obituary for Roger. This was a surprise. There was another of our neighborhood "family" that was connected with the University of Miami. It was Dr. Phillip Pennell. All of us were born in 1938 or so. I remember distinctly that Roger used to do "surgery" on oranges and grapefruits in growing up days. I got to assist at times, but he was very careful and precise as he practiced incisions and removal of the seeds, then closing incisions. He knew then he would become a surgeon one day. We lost touch as I did with others who grew up in Forest Park. I offer my condolences to your family. We had great days!

“ Dear Joanne, Please accept my condolences on Roger's passing. He was one of the first physicians I met when I came to Miami and certainly one of the finest physicians and human beings I have ever known. I lost touch with him after you moved to Leesberg but I will always remember him as a man who gave unselfishly and knew how to live life to the fullest. His parties were legend as were his planes and helicopter. He personified grace and elegance. There shall be none other and I hope that fond memories of better times will ease the pain of his passing Sincerely, Barry Reed

“ Roger made such a positive impact on me and my siblings' lives - truly a great man. I have so many wonderful memories to cherish of such a fun, generous, caring, gifted, dedicated, clever, adventurous, and larger than life man who touched so many lives in such a positive way - and the same can be said about his lovely wife and life partner Joanne. Sending lots of love to you Joanne, Skye, Dianne, Stephanie, Banning, Roger Jr., Sheri, and the extended Sherman and Baker families and friends. My heart is with you all. Peace Dr. Sherman upon your final flight up into the Big Blue Sky. Love, Dotty

“ We are so sorry Joanne for the loss of your husband and to all of the Sherman children, our deepest sympathy. Roger has left quite a legacy and although we all hoped he'd live a longer life, he definitely lived a full life! What an accomplished man, how very blessed each of you are to have had him in your lives. His teachings and his love are yours forever in your hearts and one day you will see him again. We pray God's loving embrace to help carry you through this time of deep sorrow. In Sympathy & In love, Regina & Rich DeMarco

“ To Joanne and Roger's family, I was sorry to hear of Roger's passing. He was my AME for many years, both while I was flying professionally and after I retired. Roger was responsible for helping many pilots maintain, but also regain, their medical certification after having experienced a problem. He will be very greatly missed. He was not only a Doctor, but also a friend.

“ To my Dear friend, Stephanie Sherman, I want to send you love and prayers. I enjoyed the many stories you have told me over these past years about your Amazing Dad and all that he had overcome and accomplished. As I told you privately, I would see him (and Joanne) at School functions at the Villages. He had such a positive energy about him and his charisma could be felt throughout the event. I often said Hi to him and told him I was your friend. He was always so kind! I feel so very sorry for your loss and send you love and prayers. To Dear Joanne, I am so very sorry for your loss. You were my Angel just a few months ago when my Dad was very ill and you were such a great source of information and strength. I want to thank you from the bottom of my heart for all your time and patience. I wish you peace and strength and I send you love from my family to yours. Love, Lisa Kazmier

“ Joanne, Although we haven't met, I'm touched by the life your husband lived and the lives he enriched because of his medical talents and his service to our country. Your brother Chuck and Sue are good friends and I know he feels for you and your family. May God grant you peace during this time of sorrow and comfort in celebrating Roger's life. You and your family will be in our prayers in Jacksonville.

“*Joanne, I was deeply saddened to learn of Roger's passing via an email from Tim Averet. Although I only knew Roger through our brief annual reunions at the Chalet during Sun and Fun, I feel like I have known him for much longer. He was an accomplished and exceptional person, an outstanding pilot, and a warm caring man. I didn't know him as a Doctor, but he obviously excelled in that field, as well. Roger had a way of making you feel special when he spoke to you. I know I speak for our whole group when I say he was sorely missed at our last Sun'nFun gathering and at our last dinner at the Chalet in June. At least I had the satisfaction a few years ago of giving him a ride in my Yak. I marveled at how smooth a pilot he was, executng as perfect a slow roll as I have ever exprienced. He will be greatly missed by all who knew him. Be comforted that his was surely a life well lived! Hope to see you at our gathering this spring. Fondly. Chuck Rishell*

“*Sarah and I are here trying to put sadness into words. Losing Roger has been a huge loss to so many. For years I called him friend, physician, consultant. Joanne, you were right there, aiding his accomplishments (and quite accomplished yourself). So often we called on you for help and advice. So often we were included in family gatherings - times we felt honored to be a part of. We will so miss the ranch, & watching Roger sweep the field at low altitude, showing his flying skills. Even cleaning the hangar and the planes seemed more like a party than work. It was a special place for all who lived or visited there - right down to the kids who obviously loved being around their grandpa. Roger will always be our idol and will be deeply missed. Never be timid if you need help on any level. It is our honor to be there for you. GOD Bless you all. Skip and Sarah*

“ *We are both retired nurses who had the pleasure of knowing and working with Dr. Sherman. He was a gentleman and great physician. When we lose someone we love, it seems that time stands still. What moves through us is a silence, a quiet sadness, a longing for one more day, one more word, one more touch, and we begin to remember not just that your love one died, but that he lived. And that his life gave you memories too beautiful to forget. May the peace which comes from the memories of love shared, comfort you now and in the days ahead. May the comfort of God help you during this difficult time. Please accept our heartfelt sympathy on the passing of your love one. April & Marianna*

“ To the Sherman Family, It was great sorrow that I felt at the passing of Dr. Sherman. I did not know him personally, but 16 years ago he was part of the team that performed my by-pass surgery in the newly opened Cardiac care unit at LRMC. I credit him and his team for extending my life these many years since my surgery. He will be missed by all who knew and loved him. May God bless you all at this the saddest of times. Albert J. “ Dr. Sherman was as special to me as anyone else in my life. In 2005 I was new to the Villages, and had a major defib attack at a local pet store. They tell me I had died twice before the EMTs even got me to the hospital, with probable brain damage. The family was asked if they wanted to "pull the plug" on me, but Dr. Sherman convinced them otherwise. He installed a defib-pacemaker unit in me the next day, and I'm still around to this day thanks to this man. The doctor also had a great sense of humor which helped me get thru as well. I know that heaven is getting the best "heart man" that it could possibly get.
