“ As current President of the Del Webb Community Watch program, I am intimately aware of the dedication and hard work of Ron as I have been a member since 2005. I can speak for many who have served with Ron testifying to his determination in creating and maintaining our CW program as well as Homeland Security. His passing is a great loss to us but his memory lives on in the community safety work we perform. His service to our community was exemplary. Peace to his family and friends.
