“ *Dearest Dad. I will always remember our time together playing with the radios in the basement when I was a kid and your love of electronics which led me down the same path, always following in your footsteps. You mean the world to me and I will never forget the love you showed me which I now pass on to those in my life. You taught me how to be a man and your legacy will live on to those I teach. Love always, your son, Ron*

“ Dear Menold Family, My deepest sympathy goes out to all of you. I was a young child and you may not remember me, but I was your next door neighbor back in the 70's. My parents had the brick ranch built next door to you when we moved to Hubbard in 1970. I have since lost both of them and my only sister, so I know the loss of losing a loved one far too well. I can still see Ron or as I knew him (Mr. Menold) outside cutting grass or playing with the kids. If memory serves me correctly, I always thought he was a secret service or an FBI agent because I remember my parents saying he worked for the government. Please accept my deepest condolences and know that you are all in my prayers...and not forgotten. Julie

“ The Minold Family, Ron I miss the old days of car pooling together from Sterling to College Park. We had some really enjoyable discussions. I remember when you were dieting on fruit and how inspiring your ideas were. What a joy it was working with you. Ron, the man with a positive attitude. No job was too big to tackle. We never realized that you retired to Florida or we would have gotten in touch. Please accept our deepest sympathies in the family's loss of Ron. We know that God has taken him home in the Lord's timing. Friends Del & Betty Bullis
