“*Rose was a co-worker of mine for many years. She went about her job in a quiet and unassuming manner and was always willing to do what was asked of her. Her name comes up every time we hold class because she was the absolute best at putting "preparer notes" on her returns so that anyone that would have to work on them knew anything that might help with the process. I was always happy to see her during her time at H&R Block and afterwards when she would come in with her sister Betty to chat for a while. She was what I would call a gentle soul and she will be missed.*
