“ My brother, my friend. You will certainly be missed. Even with our busy lives we managed to find time to spend together no matter where his life took him in service of his country. From Newfoundland, to Palmyra, PA, to Virginia Beach, to Florida, we always managed to find time to spend together. Those times were always so much fun and likely involved fishing, eating seafood, and of course drinking our Vodka. Good times indeed. I thank you for the great memories my brother. May you rest in peace.
