“ *My childhood was spent at granny and grandpa's house in Dona Vista with all the Tart gang near the May Bros. groves. We probably spent too many hours roaming around them. I also re-aquainted myself with the May family when I worked with Dina for several years in the State Attorney's office. Fond memories of a well know hardworking family from my childhood. Many great memories made around the oak trees listening to hunting and fishing stories and whose dog was the best!! Blessing to the family.*
