“ *What a precious individual Sam was. Always looked forward to seeing him in the morning when I would come into work. We would chat from time to time and he would tell me some hunting or fishing stories or some project he was working on. So passionate about his work and about life. It was so nice to see him smiling every day. Never in a bad mood. He will be dearly missed. My heart goes out to his family. <3*

“ *Dear Mrs. Westberry and Family, I work for LifeStream Behavioral Center in Leesburg and Sam has greeted me almost every working morning for the last 9 years. He always looked out for us crossing from the parking lot to the building property and kept an eye out for any safety issues that he felt we should be aware of. I've always enjoyed his stories about his hunting, fishing, outdoor adventures and his beloved wife. He always spoke so lovingly about you and his family. Of course, who could forget being introduced to William and following his life through Sam's stories. I know Sam will be greatly missed. I know that I'll miss him looking out for me as I come into work every day. God Bless, Judy*
