“ Look to God for strength and have faith that He will bring you the love and comfort you need at a time like this. To the family of Sandy, I am sending you my deepest condolences. I never met Sandy personally since working at SEC, but he absolutely adored my dad (a mechanic at SEC), and my dad adored him. My dad told me that they would always joke around together and hearing him talk about Sandy always brought a smile to my face because he seemed so kind. I pray that your soul is at peace, and that you see all of us down here at SEC missing a good-hearted soul like you.
