“ I was sorry to hear so late after Sharons passing that she had gone, i hope you see this. You were one of my many "MOM" figures in life, and for that I just wanted to say "thankyou". I cant remember them all so to remember you says something about you!

“ She understood me and always listened to what I had to say. She may not have agreed with me all the time, but I was important to her, and she told me so. There is no closer relative than a Brother or Sister. The pain will come in time, but all I can say now is, thank God, she is better off. She leaves a strong family that will be OK. Love you Sis.
