“ The first time I met Sharon she was having fun at the Post. It was the first time I had ever been there and she just swept me up and made me feel right at home. Having her in my life has been a joy. She made you feel like you are part of her family and always welcome. I will miss our adventures and talks. I just know she is having a party wherever she is now. We love and miss you Aunt Momma!

Sharon was a lovely person. Her and I would go to three thrift stores we would go and get our haircut together and we would party at the VFW post. She always made me laugh. If I was feeling down or depressed, she would say come on Lisa Snap Snap out of it you only live once make the best of it. I have so many good memories of her. I am going to miss her so much. Love you so much, my friend until we meet again. I love you.

“ *Sharon was always thinking of others, she always made sure you had a meal, when hanging out with her kids, David, Tracey, and Clay she would always make sure I had something to eat even if all she had in the house was Ramen noodles. She always tried to make the best out of any situation and she always tried to stay positive and kind. You could tell she loved all her kids very much. She will be missed by all who knew her.*

The first time I met Sharon was at a concert she and my daughter were attending, and I had invited myself along. That night was filled with so much fun, and Sharon made me feel as if we had known each other our entire lives. She continued to make me feel that way every time we were together. I was eagerly looking forward to our thrift store shopping trips and simply hanging out. The world has lost a truly kind soul, and I will miss her dearly.
