“ Steve was a kind & respected member of our sales team, whose expertise in the industry was second to none. More importantly, Steve's love for his family was at the heart of everything that he did & said. As I think back over the memories that I have of Steve, I am thankful & fortunate to have had the pleasure of knowing him. His confidence & love for karaoke inspired me to get out of my comfort zone & sing like no one's listening ...something I never would have done had I not met Steve. Thank you Steve, for sharing your passion & inspiring me to grow as a person. We will miss you. Pam Letts

“ To lose such a great person so sudden and so early in life is a true loss. My sympathies go out to the family in this terrible time. Steve and I worked together at Standard and stayed in contact after we both left. From working with Steve and going on trips with he and Levy, I know how much he loved her and the children which makes this untimely passing all the more difficult. Steve often spoke highly of his family with funny stories of times with Levy, and was grateful for all that she did and how she made his life special. He also spoke of fun times on the weekend home from the road filled with secret trips with James to get ice cream and Joanna's academic achievements. This tragic and sudden loss of such a good man will be hard to get over but I hope your memories and thoughts of Steve will help you get through this and achieve the things that would have made him proud. May God be with you during this time and help you through it.
