“ I was so saddened to read Swain's obituary. I would've certainly paid my respects by attending the funeral but didn't know of his passing until I read it today. To: Lester, Geneva, Donna & "Aussie", I'm so sorry for your loss. I haven't seen any of you guys including your Dad in years. Those years as a teenager that I spent closely with your family were some of the most enjoyable times in my life. Swain Sr. was special. He was one of the kindest & most fun people to be friends with. He treated me just like I was one of his own kids. I thoroughly enjoyed spending time with your family. All my love to each one of you. I will miss him. God bless. Danny Stallings

“ Sitting here remembering our childhood days. We had fun in those days. You will be missed. We worked hard in the groves but still had fun being together.

“ Pops, you were so loved while you were with us and you will be so missed. Pops you knew and understood that I lost my father at a young age. You didn't even hesitate to say I would be more than happy to call you my daughter, I just want to thank you for being my Pops, for being so loving, understanding and compassionate with me. Thank you so much for the family you gave me too. Thank you for being there and giving me away on my wedding day. I was a little nervous and you calmed me down by telling me everything would be ok because I was your daughter and all my family was there to support me. You and they have always been there. Pops I will miss you dearly but you are with our Father, Nanny. Mom Linda and the rest of your family. May you rest in peace know how loved you were. Your daughter always Aimee Simmons

“ Ever so many years ago, I rode the school bus with your Dad. We went to Skeen Elementary (which no longer exists) and Mrs. Gregory drove our school bus. When my Dad died suddenly in 1958, we moved from South Street and went "into town" on Dixie Avenue, funny to think about that these days. But your Dad was a nice boy, friendly and kind to me. Never saw him after those days, but when ever I have been out driving on those old childhood roads, I have thought of him and some of the others who rode our bus together for all those years. I hope he had a good life and was well loved. I remember him fondly. My most sincerely sympathy to you and his entire family.
