“ *I worked with Terry for a short time..she was a wonderful person. She surprised me in the middle of my shift one night when she came in and sent me home so I could get some rest. My husband was fighting cancer and had an early treatment the next day. I had never felt such kindness.*

“ Sis you've always been there for me. I remember you taking care of me when I got burnt. You use to take me to football games with your pet pig, get mad at me (not really) when I use to play with your dolls. I know you wanted a little sister to play with but you got me instead. You use to let me babysit your boys and I really enjoyed that. The last time I talked to you, you told me that all was fine and your plans to beat this, so stop crying little brother. May you rest in peace big sis. I love & miss you. Your baby brother, Mark.

“ I’m so saddened by the death of my childhood best friend. We were able to reconnect after years of not knowing where the other one was. We had made plans to get together as soon as she was feeling better. I’m so thankful that we reconnected. She had the most beautiful soul and I’m going to miss her presence in my life. I love her. I want to offer my sincere condolences to her husband and sons and all her brothers, and family. Rest in sweet beautiful peace, your sister always, Debbie Beavers
