“ *I had just started to know Thelma when all this started happening to her. In th length of time that I did know her I was very inpressed how sweet she was, and how active she was for her age. She was sharp as a tack when we would play Pinnochle and she really liked being partners with Roy, we will miss her charming self.*

“ *Our precious Thelma is with her Lord now. She was such a wonderful person and loving neighbor. We will miss her so much. I will always remember her at water aerobics at the age of 90. She would lecture us on how we should keep doing this for our health. Our deep condolences to you. She was one of a kind. We are in Ohio now and can't be at the service.*
