Thomas was a Copy Machine & Printer Repairman and Recreational Pilot until he retired in 2012 and was passionate about being with his wife, children

and grandchildren. He founded Rapid Copier Service his Copy Machine Repair Business in 1991 and was highly regarded by fellow colleagues in his work industry. Thomas completed and received his Private Pilots License from Hortman Aviation in North East Philadelphia on 10/27/98. He was very big in to family vacation camping and amusement park Knobels Groves in Elysburg, Pa with his entire family including many brothers and sisters in law and many nieces and nephews. Thru the years he maintained a special bond with his best friend Michael Smalla of Philadelphia Pa. Michael and Tom were always there for one another and also flew private airplanes together as Michael was also his flight instructor. Thomas will be terribly missed by many weeping hearts, however he will be with each and every one of us in our own special way. Whether it's an animal that randomly shows up, something somebody says or a specific scent. Thomas fought long and hard in the last few months of his life, but God decided to call his son home to rest his body and be with the many other family and friends that have already left to be with the Lord. He no longer suffers, nor feels the daily pain or fatigue of fighting, and will watch down for eternity from his new home in Heaven.
