“ Thank you all for the kind messages you wrote about my Hubby. Tobie was such a private person and I think would be surprised to know how many lives he touched. He was such a good honest kind and helpful man and thought everyone should be the same. Yes, he went quickly to many but I seen his suffering and how frustrated he was that he could no longer do the normal things he did. He is at peace now with no more pain. RIP My Honey!
