“ What can one say during a time like this ? I never had the chance to meet Tracy but I have known the Labar family for 30 yes plus. Brain cancer is a terrible disease as it robs a family of what their life should be and he definitely gave it his money's worth in courage. Now is the time for Kathy to walk without him but she is by no means alone. When someone passes they are finally pain free and healthy once again. Please know this Kathy you are in my thoughts every day .

“ Kathy, Our prayers are with you at this time. One thing we both know is that Tracy could not have had a better person to share his life with. Your sunny disposition and Love of life would have helped him through the difficult days that he had. May the happy times you both shared always help you as your life moves on without him. Love to You Always, John & Nancy

“ I'm so sorry this happened to you, you did not deserve this. You were the best big brother to Mark and I that we could ever ask for. Thank you for that. I will never forget the times you let me hang out with you when I was too young to drive. And especially all the shanigans you got in to. We will MISS YOU and LOVE YOU every single day. There will never be a day we don't think about you. Also, Thank you for being a wonderful son. Our parents did an awesome job raising us 3 kids. Mama is okay and we will take great care of her. Tell Daddy Hi from us. I LOVE YOU!!!

“ My life took a turn for the best the day I met you. You have been there for me and took care of me thru the years and have been my rock. The last 5 years spending so much time doing treatments and doctors and caring for you right up to the end I will never regret. We had a special kind of love and we respected each other. God knows I will miss you so much but I know you will be watching over me and we will be together for eternity. Rest easy my love and walk cancer free
