“ *Friends are relatives we make for ourselves. This is how Scott and I feel about Bill*

The two hardest things to say in life is hello for the first time and goodbye for the last. I remember the first time we met in the Villages as he made me feel like we had known him for years. I also remember the last day I spent with him at his house discussing his love for Chrissy, playing golf every day and how much we loved yelling “Billy “ every time we saw him in his golf cart . We both had a big smile thinking about it

There are some people who bring a light so great to the world that even after they have gone the light remains. That is how we feel about Bill and we feel lucky that he called us friends

May you find strength in the love of your family and in the warm embrace of your friends. Love from Colleen and Scott
