I lost my mom 2 years ago, so your pain is still pretty fresh in my mind. Jenny has lost both her parents in the last 10 years. Just remember the good things, support your family, and be assured you'll see him again soon. We're we wern't able to see you durenig this time. Pleaese let us know when you come through our areas. “ *I'm so sorry to hear of Bill's passing. I met him as an apprentice at Delco and he was my journeyman for quite some time. Much of my knowledge in the injection mold trade came from his vast knowledge and great teaching skills. He was a great co-worker and teacher. He will be missed by many. Rest in peace my friend.*
